Two Days Online Workshop On WordPress Fundamentals

Two Days Online Workshop On WordPress Fundamentals was held on by computer dept. onMay 16-17, 2021.Word Press (WP, WordPress.org) is a free and open-source content management system (CMS)written in PHP and paired with a MySQL or Maria DB database. Features include a plug-in architecture and a template system, referred to within Word Press as Themes. Word Press was originally created as a blog-publishing system but has evolved to support other web content types including more traditional mailing lists and forums, media galleries, membership sites, learning management systems (LMS) and online stores. One of the most popular content management system solutions in use, Word Press is used by 42.8% of the top 10 million websites as of October 2021.Hence in today's world Word Press is a very good career option and a workshop in Word Press is very much required for the students. So the Department of Computer Science, Mankar College conducted a two days workshop on 16 and 17, May, 2021 in collaboration with the Career Counselling Cell, Mankar College. In the workshop 192 participants registered from different Science department.
